To add new user or manage permissions to existing users click on **Manage Users**.

Manage Users

The screenshot shows the 'Manage Users' interface. At the top, there is a breadcrumb trail: 'Dashboard / Manage Users'. Below this, there are three input fields: 'Username' with the value 'admin', 'Password' with masked characters '.....', and 'Type:' with a dropdown menu showing 'Admin'. To the right of the 'Type:' dropdown is a small downward arrow icon. Below these fields is a button labeled 'Add User'. Further down, there is a section titled 'Edit Privileges' with a dropdown menu showing 'admin'. Below this dropdown are three checkboxes: 'Edit Details', 'Add Details', and 'Delete Details'. At the bottom of this section is a button labeled 'Edit Privileges'.
